Subject: RE: Upcoming Committee Report List

Yes you are right – the recommendation in the safety report that Gord and Edward are doing with remove this item from the OBL along with the OBL(s) that Martin will address.

Subject: RE: Upcoming Committee Report List

Hi Diana,

The item that is under my name, in discussion with Gord, is being merged with a Traffic Safety report no? That is my understanding based on what Gord said.

With this in mind, shouldn't the OBL item be updated to show this if possible?

Let me know if the plan is known, particularly if I still am required to pen a report for this OBL item.

Thanks,

Mike Field, MIES
Senior Project Manager, Street Lighting & Electrical
Geomatics and Corridor Management
